**CONTAMINATED  
SITES  
FAIRBANKS**

Dear Ms. Youcha:

The US Department of the Interior Bureau of Land Management (BLM) and the United States Geological Survey (USGS) have received the Potentially Responsible Party Notice - Request for Response from ADEC dated September 27, 2004, concerning the Camp Lonely Landfill. An extension was granted for response to this notice by December 15, 2004. Both agencies have been actively compiling information pertinent to your request. It has been difficult in accumulating all the factual information and both agencies are in the process of reviewing information collected to this point. In addition, we are obtaining copies of other agency documentation that is relevant to the site history and our response.

To ensure a complete and comprehensive reply to your request, we will need additional time to respond. We request that both the BLM and the USGS be granted an extension on their responses until the close of business February 1, 2005. This combined request is being forwarded by the BLM with consent of the USGS.

If you have any questions, please feel free to contact me, or Leslie E. Holland-Bartels, Deputy Regional Director of the USGS.

Sincerely,

Henri R. Bisson  
State Director
